PREFACE

This Wednesday morning, I closed the last book in Internet Archive and in The Allurement of Reality in Review to the introduction of: 'Trudging along'; and retimed and adjusted the TCLS and Libertarian Form posts accordingly as follows to start my 412th and final book: This is because the '7' holds a very important meaning for me in that I have surrendered my holy books to the Lotus Feet of Sri Krishna-Durga.

PRESS RELEASE: NEW INTRODUCTIONS

4 June 2025, 15.57 pm (UK-Time)

Freedom to pursue the dream mission of Movement of Conservative Libertarians (MOCL)

Following the closure of civil and criminal proceedings the outcome of which was the total lack of truth, justice and democracy for civilians within the Law and Order/Judiciary System as experienced by the Founder of the MOCL (linked here: https://archive.org/details/the-milestone-400-th-book-digital_20250514_0602 ; https://archive.org/details/thanks-for-connecting-digital_20250516_2059) the Conservative Libertarian Publications Limited can now proceed to recruit Members within the United Kingdom in the first instance (and globally) to take part in the democratic process; the outstanding legal hurdles being erased through acceptable legal protocols in the complex Constitution of the United Kingdom (in https://archive.org/details/free-to-chase-the-mission_20250520_1608; https://archive.org/details/that-was-nice-digital_20250522_1938) https://archive.org/details/renewed-proceedings-digital_20250524 https://archive.org/details/putting-it-to-the-test-digital_20250525_0954 https://archive.org/details/game-set-and-match-digital_20250528 https://archive.org/details/right-on-track-digital_20250530 https://archive.org/details/still-no-court-decisions-digital_20250531 https://archive.org/details/updated-proceedings-digital_20250602_2003 https://archive.org/details/press-release-is-the-law-digital_20250604 https://archive.org/details/coming-under-orders-digital_20250604

So let us look forward to a good future through a brand new approach to the organisation of society championed by the Conservative Libertarians. If you wish to find out more, please let me know. Our Membership websites are at:

<https://app.joinit.com/o/conservative-libertarians/>

<https://knowledgefoundersunited.com/>

whereas our Structure and Issues encountered are at

<https://theconservativelibertariansociety.com>

Our Mission Statement is set out here:

<https://www.theconservativelibertariansociety.com/post/movement-of-conservative-libertarians-mission-statement> ; with the adoption of Green Socialism as enunciated through here: <https://www.theconservativelibertariansociety.com/forum/tclp-uk-proceedings/why-governments-should-not-be-so-manic-about-growth>

I named our Mission as the Movement of Conservative Libertarians (MOCL) that has the objective bringing in the ethos of truth, justice and democracy into the world within nations and across nations. Our Movement specifies that we should not harp on about the past history but look forward to a good future through this radical approach to the organisation of society.

If you can help us that would be great. I need an Additional Official to complete the application for consideration of the registration of my political Party The Conservative Libertarian Party of the United Kingdom (TCLP-UK) with the Electoral Commission. The draft Constitution of TCLP-UK presented is set out here (<https://www.theconservativelibertariansociety.com/about-1>).

 DS Mish Muchemwa

Dear Mish

I am responding to an enquiry I have received overnight on the Final Report of the Complaint Assessment <https://www.knowledgeassessmentanddissemination.com/forum/general-discussion/progress-in-investigation-of-co-999-23> ;
<https://www.knowledgeassessmentanddissemination.com/forum/main/comment/a5ec6c17-8672-49e8-80d6-8c621da578ae?postId=662e8e75260c5e00103727a1>

I understand that Cases E35YM660, J00ME572 and the Retrial of myself for the Speeding offence of 5 October 2022 are adjourned at the respective courts of Central London County Court, Medway County Court and Medway Magistrates Court, such that the twin issues of whether I have a liability to pay the £400 to HMRC as a penalty for late filing of Company Returns and the £150 penalty charge to Companies House are frozen in these adjournments.

I will undoubtedly be seeking a Freedom of Information Request in the usual manner depending on the outcome of the Complaint CO/999/23.

In this meantime, it is business as usual modus operandi for the Conservative Libertarian Publications Limited as pointed out here:
<https://www.knowledgeassessmentanddissemination.com/forum/main/comment/9fd95227-0f62-4ace-bb29-6a6933befcf8?postId=662e8e75260c5e00103727a1>

I look forward to the necessary clarifications of these technical matters of law and order.

Yours sincerely

Dr Shantanu Panigrahi

 Companies House

Dear Companies House

1. The continuous attempts to sabotage The Conservative Libertarian Publications Limited (Company House No: 13489581) using various methods started with the false arrests of myself and confiscation of IT Devices by Kent Police in 2021, which is why my Company went semi-dormancy. As you are aware from the correspondence below: I have requested a Final Report so that the blame is apportioned correctly and legally in this matter on which I am seeking £1 billion in damages and compensation from the United Kingdom Treasury; HMRC and Companies House will have to wait until this adjudication is made by whoever is in charge of disbursing justice in the United Kingdom; for as you must be aware institutions cannot be so unregulated by State authorities with the overall jurisdiction being with the Courts that you can just charge me £150 penalty for late Company Returns and likewise HMRC can issue a £400 penalty to my company for the similar issue without the due process of professional investigations that must be necessitated for fair play.

2. If Kent Police does not oblige with a Report on CO/999.23 incorporating these aspects of the complaint then of course we have proof that we live in a State-dictatorship as the worse of all Police States in action.

Yours sincerely

The Information Commissioner's Office

Dear Sirs

This Information request from Kent Police is an old affair but took a turn for the worse as Kent Police got upset by my questioning attitude and so arrested me 6+1 times for no reason whatsoever. The latest prevarication is exemplified by the fact that no one monitored the email

address of DS Mish Mushemwa and the attached: correspondence was returned:
FrDSMishMuschemwa(Automatic reply EXTERNAL - Progress in Investigation of
CO_999_23)3Jun2025.docx

The investigation being undertaken by Companies House concerns the confiscation of IT Devices that I used for my work for the Company The Conservative Libertarian Publications Limited.

I would be grateful to receive an outline on how this matter should progress as Kent Police has steadfastly refused to countenance the investigation of the attached Hate Crimes on me: Particulars of Damages and Compensation J00ME572 at Medway County Court in Dr Shantanu Panigrahi v Kent Police23May2025.pdf.

Yours sincerely

If you have made a new complaint - we're unlikely to look into it unless you have raised it with the responsible organisation (for a data protection complaint) or the responsible public authority (for a freedom of information complaint) first. Please make sure you have sent us a copy of their final response to you. We will assign your complaint to a case officer as soon as we can, and they will contact you in due course.

If your correspondence relates to an existing case - we will add it to your case and consider it on allocation to a case officer. If you believe we have either failed to take appropriate steps to respond to your data protection complaint, or we do not provide you with information about the progress or outcome of your complaint within the next three months, you may be able to apply to the First-tier Tribunal to require us to respond to your complaint or to provide you with information about its progress. If you want advice urgently, you should telephone our helpline on 0303 123 1113. You can find out more about data breach reporting on our website.

Incidents that might lead to a heightened risk of individuals being affected by fraud, should be reported to Action Fraud (www.actionfraud.police.uk) - the UK's national fraud and cybercrime reporting centre. If your organisation is in Scotland, then reports should be made to Police Scotland (www.scotland.police.uk).

Good evening, I would like to welcome you into my Conservative Libertarian Socialites with thus invitation to join me in a peaceful mission to try and make the United Kingdom an even better place to live in for ourselves, our children and grandchildren than it already is.

Our structures of government are currently too rigid and inflexible in having political parties who squabble among themselves to see who gets into power at Westminster and in the local Councils in a game partly funded by Members of the Parties and Donors and partly funded by the taxpayer. The moral principles that should be adhered to in government is paid scant regard.

During the course of my research studies spanning nearly 6 decades, I have found that basing one's direction of travel as a person and as a nation on human instincts of truth, justice and democracy at the heart gives us a radical formula for the developing an ideal Society. I have dotted the i's and crossed the t's in the formulation of one such Society that I have named The Conservative Libertarian Society; the term Conservative not just means to conserve and preserve the natural environment, biodiversity including human beings, it also denotes the belief that we have a Personal God in our psyche by whichever name one wishes to use to call this Entity. The term Libertarian means that we believe that all humans should be allowed to be free in liberty that is moulded through education into a peaceful way of life and with total entrepreneurship to develop society in industry, business, science, technology, agriculture and so on. If you wish to talk about this philosophy I am available to do so.

Thank you
Shantanu

Good evening, would like to welcome you into my Conservative Libertarian Socialites with thus invitation to join me in a peaceful mission to try and make the United Kingdom an even better place to live in for ourselves, our children and grandchildren than it already is.

Our structures of government are currently too rigid and inflexible in having political parties who squabble among themselves to see who gets into power at Westminster and in the local Councils in a game partly funded by Members of the Parties and Donors and partly funded by the taxpayer. The moral principles that should be adhered to in government is paid scant regard.

During the course of my research studies spanning nearly 6 decades, I have found that basing one's direction of travel as a person and as a nation on human instincts of truth, justice and democracy at the heart gives us a radical formula for the developing an ideal Society. I have dotted the i's and crossed the t's in the formulation of one such Society that I have named The Conservative Libertarian Society; the term Conservative not just means to conserve and preserve the natural environment, biodiversity including human beings, it also denotes the belief that we have a Personal God in our psyche by whichever name one wishes to use to call this Entity. The term Libertarian means that we believe that all humans should be allowed to be free in liberty that is moulded through education into a peaceful way of life and with total entrepreneurship to develop society in industry, business, science, technology, agriculture and so on. If you wish to talk about this philosophy I am available to do so.

Thank you
Shantanu

Oh hi nulls brawl. I appreciate the relevant point of your post, but I do not wish to impose my restrictions on what contributors post in the websites of The Conservative Libertarian Society for the reason that the philosophy is fundamentally advaitic and so all -encompassing. I would welcome contributions from all sectors of humanity, including religious and social institutions.

Good morning, I would like to welcome you into my Conservative Libertarian Socialites Unit with this invitation to join me in a peaceful mission to try and make the United Kingdom an even better place to live in for ourselves, our children and grandchildren than it already is.

Our structures of government are currently too rigid and inflexible in having political parties who squabble among themselves to see who gets into power at Westminster and in the local Councils in a game partly funded by Members of the Parties and Donors and partly funded by the taxpayer. The moral principles that should be adhered to in government is paid scant regard.

During the course of my research studies spanning nearly 6 decades, I have found that basing one's direction of travel as a person and as a nation on human instincts of truth, justice and democracy at the heart gives us a radical formula for the developing an ideal Society. I have dotted the i's and crossed the t's in the formulation of one such Society that I have named The Conservative Libertarian Society; the term Conservative not just means to conserve and

preserve the natural environment, biodiversity including human beings, it also denotes the belief that we have a Personal God in our psyche by whichever name one wishes to use to call this Entity (Allah, Krishna, Jesus, Jehovah, etc). The term Libertarian means that we believe that all humans should be allowed to be free in liberty that is moulded through education into a peaceful way of life and with total entrepreneurship to develop society in industry, business, science, technology, agriculture and so on. If you wish to talk about this philosophy I am available to do so.

Thank you

The moral principles that should be adhered to in government is paid scant regard.

During the course of my research studies spanning nearly 6 decades, I have found that basing one's direction of travel as a person and as a nation on human instincts of truth, justice and democracy at the heart gives us a radical formula for the developing an ideal Society. I have dotted the i's and crossed the t's in the formulation of one such Society that I have named The Conservative Libertarian Society; the term Conservative not just means to conserve and preserve the natural environment, biodiversity including human beings, it also denotes the belief that we have a Personal God in our psyche by whichever name one wishes to use to call this Entity (Allah, Krishna, Jesus, Jehovah, etc). The term Libertarian means that we believe that all humans should be allowed to be free in liberty that is moulded through education into a peaceful way of life and with total entrepreneurship to develop society in industry, business, science, technology, agriculture and so on. If you wish to talk about this philosophy I am available to do so.

Thank you

Good morning, I would like to welcome you into my Conservative Libertarian Socialites Unit with this invitation to join me in a peaceful mission to try and make the United Kingdom an even better place to live in for ourselves, our children and grandchildren than it already is.

Our structures of government are currently too rigid and inflexible in having political parties who squabble among themselves to see who gets into power at Westminster and in the local Councils in a game partly funded by Members of the Parties and Donors and partly funded by the taxpayer. The moral principles that should be adhered to in government is paid scant regard.

 Oh hi

To be able to register the TCLP-UK at the Electoral Commission, there is at least one hurdle to
 get over, which is that we must have Members who are willing and able to act as Officials to the
 Party.

The Conservative Libertarian Party of the United Kingdom emerges with renewed vigour in Conservative Libertarians-UK

<https://www.theconservativelibertariansociety.com/forum/tclp-uk-proceedings/the-conservative-libertarian-party-of-the-united-kingdom-emerges-with-renewed-vigour>

There has been many ups and downs in the development of the ideas and progress in establishing the foundations of the Conservative Libertarian Party of the United Kingdom (TCLP-UK) as it is work in progress.

As Founder of the Conservative Libertarian Society and President of TCL:P-UK, this morning the 22 July 2023 with all legal manouvres completed I see that the Party has survived and I am keen to championing the course of the Party into the future.

The Party needs to accommodate itself into the Reality that structurally it is powerless to do anything to the Constitution of the United Kingdom. I also see that the Constitution has its checks and balances that enables a devoted and committed patriot that I am to moderate its policies into what is possible and what is destabilising to the State.

So the policy of having a referendum to determine the Head of State every generation is to be abandoned, rather than the TCLP-UK as a political force in the United Kingdom.

I pledge loyalty to the Monarch now in King Charles III, Queen Camilla and the rest of the Royal entourage in Prince William and the subsequent generations of the Monarchs to come.

Whether the Party acquires Members within the Founder's life time who is to say. I can but try to convince people that there is room for a middle of the road party that is different in character to the Liberal Democrats in the United Kingdom. It is better to have a Conservative and Unionist Party in government than raising the profile of the Liberal Democrats as we head into 2024's general election.

TCLP-UK will stand on its own to highlight issues of concern to the population of the United Kingdom in the meantime.

MAKING IT UP AS ONE GOES ALONG

[Edited: 07.18 am (UK-Time), 26 May 2025]

Words are just descriptive-expressions that we have inherited from past generations of human beings. They are open to different interpretations as suits a particular *raison d'être*. When one is living in the freedom of *satya-advaita yoga*, one necessarily makes up new words as one goes along or adapts old words to meet a particular requirement in terms of what one is trying to express. It is in this context that my books are to be read and the readers have to form their own opinions on whether I have been crystal clear on what I have thought about relating to my experiences of life over the past 27 years in particular but which derives from my Hindu upbringing in India. I am of course open to providing any clarifications needed on the basis of my actions at any particular point in time and how I have expressed these in the 407 eBooks that I have so far written in the series under the theme, 'The Allurement of Reality' available here (<https://www.theallurementofrealityinreview.com/shop>). But I hope that no such clarifications would be necessary or me be called upon to answer: I wish to let my books do the talking, hence I am editing this post now that I have some free time. This is because I am not a very good speaker in public, and even in the creation of Videos that I attempted over the past year to develop my websites. I am good at writing. For I allow truth to just flow into my mind at the appropriate time and this creates the works that I have been producing.

So in what context am I using the words *Samadhi* and *Maha-Samadhi*. I wish to make it clear at this point in time. For me *Samadhi* seemingly started on completion of my Book *Truth-accommodation (Satya-advaita)* and I started writing the book 'Post-realisation Musings'. They were semi-conscious assessment of the knowledge that I had gained and the missing data that I needed to be searched for still in order for me to arrive at a comprehension on the Conception of Reality, the first book under the theme 'The Allurement of Reality' that I had started writing in 2004 when I came out of the mental hospital for the first time. It grew and grew into what it the Realisation is today. I had tried to consider numerous times during these years that I had total Realisation, even my elder sister in India had pointed to this in one of her utterances to me, but it turned out not to be the case. When can Realisation be complete when one does not know what there is to Realise. It had to be awaited with patience. And I formulated a plan of Self-discovery to try and get to it. This was to have a framework where I hypothesised that everything in the universe is pre-ordained and pre-orchestrated, so there was God having set the universe in motion in a particular manner; the best *bhakti* that I could approach God with was to discover my own fate within the Grand Design, and this was latterly over the period 2020 or so done through losing all attachments, and acting nonchalantly, spontaneously and unpremeditatedly in all my moment by moment actions as the only karma that I would engage in that could with certainty be then described as *sanatan dharma*, that is to say karma in *sanatan dharma*.

Maha Samadhi is total Realisation when one does stop one's karma in *sanatan dharma* and lives in *Yoga-ananda*, the *yogadaan* emanating from one's dedication to the comprehensive approach to yoga. It is the state of Living freely in total Realisation and Control so that one is instantly making decisions with spontaneity, nonchalance and unpremeditation without any thought of moving along a certain truth path. So there are no tactics, such is the state of Realisation as automaticity existence.

When I seemed to be surviving the persecution that was vitriolic against me in conducting myself in this manner I was picking up evidence of Dharma Rakshati Rakshita as being the eternal law of the universe, and this has not changed at the moment that I first wrote this posted account at 10.37 am on the 12 of October 2021.

I am in Maha-Samadhi now.

The grace of humpback whales always reminds me of the divine balance in creation - their migrations mirror the cosmic rhythms mentioned in سورة الانفطار مكتوبة as the Surah describes oceans overflowing with purpose, these majestic creatures show us why protecting marine ecosystems matters profoundly.

 The Information Commissioner's Office

Dear Sirs

This Information request from Kent Police is an old affair but took a turn for the worse as Kent Police got upset by my questioning attitude and so arrested me 6+1 times for no reason whatsoever. The latest prevarication is exemplified by the fact that no one monitored the email address of DS Mish Muschemwa and the attached: correspondence was returned: FrDSMishMuschemwa(Automatic reply EXTERNAL - Progress in Investigation of CO_999_23)3Jun2025.docx

The investigation being undertaken by Companies House concerns the confiscation of IT Devices that I used for my work for the Company The Conservative Libertarian Publications Limited.

I would be grateful to receive an outline on how this matter should progress as Kent Police has steadfastly refused to countenance the investigation of the attached Hate Crimes on me: Particulars of Damages and Compensation J00ME572 at Medway County Court in Dr Shantanu Panigrahi v Kent Police23May2025.pdf.

Oh hi nulls brawl. I appreciate the relevant point of your post, but I do not wish to impose my restrictions on what contributors post in the websites of The Conservative Libertarian Society for the reason that the philosophy is fundamentally advaitic and so all -encompassing. I would welcome contributions from all sectors of humanity, including religious and social institutions.

Proud of my wife's new initiative to open up the doors of Downing Street to young people from across the country. Improving education is a big reason I entered politics, and I look forward to seeing many more schools here throughout this term.

In a heartwarming gesture, the Prime Minister and his wife recently welcomed school children into 10 Downing Street, offering them a rare glimpse into the workings of government. The visit aimed to inspire young minds and highlight the importance of education in shaping future leaders. While such opportunities in the UK spotlight the value of academic engagement, students in Malaysia also strive for excellence in their academic journey. For those needing support, Academic Writing Services provide a valuable resource. Tailored specifically for Malaysian students, these services help learners develop high-quality assignments and improve their academic performance. Just as the UK fosters young minds through direct exposure, Malaysia's students can elevate their learning through professional academic assistance. Education is a global priority, and every nation must support its learners—whether through policy, access, or personalized academic aid.

 Progress of Trial proceedings of Dr Shantanu Panigrahi
 in General Discussion
<https://www.knowledgeassessmentanddissemination.com/forum/general-discussion/progress-of-trial-proceedings-of-dr-shantanu-panigrahi>
 With regard to the Summons Referral to Court as attached:

I had made an application for an Emergency Judgment on 10 June 2023: Emergency Judgment Application submitted: deadline 5 pm for reply from North Kent Magistrates Court (knowledgeassessmentanddissemination.com) to which Kent Police through its Crown Prosecution Service responded yesterday the 29 August 2023 as linked here:
<https://www.knowledgeassessmentanddissemination.com/post/fw-trial-10-11-2023-shantanu-panigrahi-46sj1327123-atv-medway-mc>

My immediate response was to reply to the email to state that it was an outdated response: as linked here: <https://www.knowledgeassessmentanddissemination.com/post/outdated-response>

Further correspondence had taken place and the Crown Prosecution Service was back-tracking because I had been able to investigate through probing the reality that I faced of State-interference in my circumstances.

This morning I have referred the matter back to the North Kent Magistrates Court for adjudication: as attached:

The future course of this Case will therefore be in the hands of the North Kent Magistrates Court as to whether my application to bring the case forward that was rejected by Kent Police to reinstate the 10 November 2023 2, pm Trial should remain in place, brought forward as I had applied for, or adjourned until after 31 March 2024.

Thanks for sharing such a detailed update on the proceedings. Legal matters like these can be incredibly complex and time-consuming, so it's commendable that you're documenting everything so thoroughly. Hopefully, the North Kent Magistrates Court provides a fair and timely adjudication. On a completely unrelated note, I was browsing for skincare recommendations the other day and came across some new L'Oréal Paris products—seems like they're really stepping up their game in the self-care space! Sometimes, little things like that help keep us grounded during stressful times.

Companies House

This is an official email from Companies House, sent to all registered email addresses. If you're a third party agent who has received this email on behalf of a company, please forward this message to the company director(s).

Identity verification

All company directors and people with significant control (PSCs) need to verify their identity to prove who they are. This is a new legal requirement under the Economic Crime and Corporate Transparency Act 2023 to help prevent people using companies for illegal purposes.

Identity verification will become mandatory in autumn 2025.

Act now and verify your identity before it becomes a requirement.

Early action will help you to avoid delays or complications. If your company has multiple officers, allow plenty of time for each one to verify their identity. Directors based outside of the UK may also need extra time if they plan to use an authorised agent, also known as an Authorised Corporate Service Provider (ACSP) to verify their identity.

How to verify your identity

You can verify:

online using GOV.UK One Login – if you have the identity documents or information required

in person at selected Post Offices – you must live in the UK and will need to use the ‘Verify your identity for Companies House’ service first to find out if you can verify this way

using an Authorised Corporate Service Provider (ACSP) – for example, an accountant or solicitor who has registered as a Companies House authorised agent (you’ll need to provide suitable identity documents)

What happens when you verify

Identity verification is a two-step process.

Step 1: Verify your identity and get your Companies House personal code.

This code is personal to you, not the company. Keep this information secure until you need to use it.

Step 2: From autumn 2025, link your verified identity to our records.

You’ll need to provide your personal code and a verification statement for each company role you hold. We’ll provide more information on how to do this in the coming months.

Read guidance on verifying your identity for Companies House

If you or any other directors do not comply with identity verification requirements on time, you will not be able to file your company’s confirmation statement or other filings.

You’ll also be committing an offence and there are a range of consequences, including a financial penalty and being unable to start a new company.

Check the register

It’s important to make sure we hold the correct details for each director and PSC of your company.

You will not be able to complete identity verification if the personal information on your identity documents, such as your date of birth, does not match the information held on our register.

Check the details we hold for you and your company.

You can tell us about some changes online. For other changes, such as incorrect or missing information about directors or people with significant control (PSCs) on your incorporation documents, you'll need to file a paper form.

How to keep up to date

Read all the latest updates on our Changes to UK company law website and sign up for our regular email newsletters.

You've received this email because you provided this registered email address to Companies House. You cannot unsubscribe from emails to the registered email address as this is a legal requirement under the Companies Act 2006. We will only use this email address to communicate about your company. The registered email address will not appear on the public register.

To change the company's registered email address, go to: Update a registered email address.

Please email enquiries@companieshouse.gov.uk if you did not provide this email address as a registered email address.

It started with a Disciplinary Hearing in which I was offered £20,000 in compensation and a letter of reference: I asked for my full redundancy payment of £55,000 or medical retirement. I got none of that.

MAKING IT UP AS ONE GOES ALONG

[Edited: 07.18 am (UK-Time), 26 May 2025]

Words are just descriptive-expressions that we have inherited from past generations of human beings. They are open to different interpretations as suits a particular *raison d'être*. When one is living in the freedom of *satya-advaita yoga*, one necessarily makes up new words as one goes along or adapts old words to meet a particular requirement in terms of what one is trying to express. It is in this context that my books are to be read and the readers have to form their own opinions on whether I have been crystal clear on what I have thought about relating to my experiences of life over the past 27 years in particular but which derives from my Hindu upbringing in India. I am of course open to providing any clarifications needed on the basis of my actions at any particular point in time and how I have expressed these in the 412 eBooks that I have so far written in the series under the theme, 'The Allurement of Reality' available here (<https://www.theallurementofrealityinreview.com/shop>). But I hope that no such clarifications would be necessary or me be called upon to answer: I wish to let my books do the talking, hence I am editing this post now that I have some free time. This is because I am not a very good speaker in public, and even in the creation of Videos that I attempted over the past year to develop my websites. I am good at writing. For I allow truth to just flow into my mind at the appropriate time and this creates the works that I have been producing.

So in what context am I using the words *Samadhi* and *Maha-Samadhi*. I wish to make it clear at this point in time. For me *Samadhi* seemingly started on completion of my Book *Truth-accommodation (Satya-advaita)* and I started writing the book 'Post-realisation Musings'. They were semi-conscious assessment of the knowledge that I had gained and the missing data that I needed to be searched for still in order for me to arrive at a comprehension on the Conception of Reality, the first book under the theme 'The Allurement of Reality' that I had started writing in 2004 when I came out of the mental hospital for the first time. It grew and grew into what it the Realisation is today. I had tried to consider numerous times during these years that I had total Realisation, even my elder sister in India had pointed to this in one of her utterances to me, but it turned out not to be the case. When can Realisation be complete when one does not know what there is to Realise. It had to be awaited with patience. And I formulated a plan of Self-discovery to try and get to it. This was to have a framework where I hypothesised that everything in the universe is pre-ordained and pre-orchestrated, so there was God having set the universe in motion in a particular manner; the best *bhakti* that I could approach God with was to discover my own fate within the Grand Design, and this was latterly over the period 2020 or so done through losing all attachments, and acting nonchalantly, spontaneously and unpremeditatedly in all my moment by moment actions as the only karma that I would engage in that could with certainty be then described as *sanatan dharma*, that is to say karma in *sanatan dharma*.

Maha Samadhi is total Realisation when one does stop one's karma in *sanatan dharma* and lives in *Yoga-ananda*, the *yogadaan* emanating from one's dedication to the comprehensive approach to yoga. It is the state of Living freely in total Realisation and Control so that one is instantly making decisions with spontaneity, nonchalance and unpremeditation without any thought of moving along a certain truth path. So there are no tactics, such is the state of Realisation as automaticity existence.

When I seemed to be surviving the persecution that was vitriolic against me in conducting myself in this manner I was picking up evidence of *Dharma Rakshati Rakshita* as being the eternal law of the universe, and this has not changed at the moment that I first wrote this posted account at 10.37 am on the 12 of October 2021.

I am in *Maha-Samadhi* now.

Dear colleagues at LinkedIn

Please hear me out for a request that I have to make to you. Democracy is very important to my way of thinking. In this regard I would like to see a modified version of the Monarchy in the United Kingdom, that engenders greater degrees of truth, justice and democracy, and since none of the established parties support this change to the Constitution I would like to stand in elections to the Councils and to Westminster to make my voice heard to those decision makers who matter to us. To make this happen, I need a person who I can name in my Form to the Electoral Commission as seconding my TCLP-UK application to formalise the Party under which I would be contesting the elections. So I would just like to ask you this morning if you would lend me your support in this manner. Thank you, Shantanu

Both the Membership Accounts are functional for anyone who wishes to avail the membership of either the JOIN IT or BRILLIANT DIRECTORES website facility, so it is business as usual modus operandi for The Conservative Libertarian Publications Limited. This after deleting both the TCLS Blogpost and the Libertarian Democracy Forum post which would have raised proceedings from any source against me. Now all 412 eBooks are stored away in the privacy of the Internet Archive and The Allurement of Reality in Review Shop at Wix so cannot be used in that manner by the State or any individual litigant to prosecute me.

Dear colleagues at LinkedIn

Please hear me out for a request that I have to make to you. Democracy is very important to my way of thinking. In this regard I would like to see a modified version of the Monarchy in the United Kingdom, that engenders greater degrees of truth, justice and democracy, and since none of the established parties support this change to the Constitution I would like to stand in elections to the Councils and to Westminster to make my voice heard to those decision makers who matter to us. To make this happen, I need a person who I can name in my Form to the Electoral Commission as seconding my TCLP-UK application to formalise the Party under which I would be contesting the elections. So I would just like to ask you this morning if you would lend me your support in this manner. Thank you, Shantanu

Party Vision:

We wish to have our policies based on the morality of adhering to truth, justice and democracy in all its manifestations as far as the State of the United Kingdom will permit us to go. We understand that this would be an evolving matter where we need to tread very carefully so as not to upset the existing apple cart of the State-machinery, but the ethos is radical movement towards a Society of Conservative Libertarians implementing technical issues of what I have called 'Green Socialism' that means that we want the entrepreneurialism spirit to guide the nation forwards. We believe that God guides us into truth, justice and democratic actions if we have faith in the existence of God. When I say that we direct our actions only as far as it will go naturally, we believe that we should have a written Constitution that incorporates a cultural monarchy rather than the Absolute Monarchy now in place. This will liberate the population into greater things from the freedom that the mind then attains.

Current Party Structure:

So far I have been busy getting the principles legally established so as to get the approval of the State authorities to proceed. So I have been a one-man Band. But I would like in the first instance obtain the agreement of 15 Members within the United Kingdom, from which I will select a General Secretary, Campaigns Official, Treasurer, Legal Officer, Policy Administrator who will be responsible for all future development of Policies. I will then step down as Leader, and let the TCLP-UK go its own way.

5-10 year aims:

We simply must stand candidates at the 2029 General Election and as candidates at every Council election for which the Registration of the TCLP-UK at the Electoral Commission must be completed within 8 weeks from now as set out in the attached:

Constant Hoogstad, I briefly read your Profile and was impressed that you have been a dedicated conservationist in the area of Botany and Zoology combined. My father Dr Gopinath Panigrahi was a Botanist dedicated to conservation having published 340 odd scientific papers in his life. He got me to study Science and channeled me into Zoology. Towards the end of an 18 year career at the Natural Resources Institute I was in my own way developing conservation of natural Flora and Fauna and medicinal plants in particular. But at the age of 68, I realised conservation needs the Specialist to converse with the politicians. Hope we can talk about these issues and so thank you for connecting.

I've used Bedpage a few times now, and every experience has been smooth and stress-free. What I like most is how focused it is on the U.S. market — everything feels relevant to where I actually live. Whether I'm looking to post or browse, it only takes a few minutes, and I'm already getting replies. It doesn't feel cluttered or full of fake listings like some other sites. It's just simple, straight to the point, and effective. Honestly, I didn't expect to rely on it this much, but it's become a really handy tool for local connections.

What has your PatrickStash business got to do with the important Conservation and Preservation policies that is the subject matter of this thread? You are an annoying terrorist trying to disrupt and sabotage the work of The Conservative Libertarian Publications Limited with its Society and its political offshoot 'The Conservative Libertarian Party of the United Kingdom. The Sabotage clearly has manifest itself in diverse ways and since the Company is Registered with Companies House in the United Kingdom, it is investigating this matter with the urgency that is called for. You should hear from Companies House in due course.

[Companies House]

This is an official email from Companies House, sent to all registered email addresses. If you're a third party agent who has received this email on behalf of a company, please forward this message to the company director(s).

Identity verification

All company directors and people with significant control (PSCs) need to verify their identity to prove who they are. This is a new legal requirement under the Economic Crime and Corporate Transparency Act 2023 to help prevent people using companies for illegal purposes.

Identity verification will become mandatory in autumn 2025.

Act now and verify your identity before it becomes a requirement.

Early action will help you to avoid delays or complications. If your company has multiple officers, allow plenty of time for each one to verify their identity. Directors based outside of the UK may also need extra time if they plan to use an authorised agent, also known as an Authorised Corporate Service Provider (ACSP) to verify their identity.

How to verify your identity

You can verify:

- * online using GOV. UK One Login – if you have the identity documents or information required
- * in person at selected Post Offices – you must live in the UK and will need to use the ‘Verify your identity for Companies House’ service first to find out if you can verify this way
- * using an Authorised Corporate Service Provider (ACSP) – for example, an accountant or solicitor who has registered as a Companies House authorised agent (you’ll need to provide suitable identity documents)

What happens when you verify

Identity verification is a two-step process.

Step 1: Verify your identity and get your Companies House personal code.

This code is personal to you, not the company. Keep this information secure until you need to use it.

Step 2: From autumn 2025, link your verified identity to our records.

You’ll need to provide your personal code and a verification statement for each company role you hold. We’ll provide more information on how to do this in the coming months.

Read guidance on verifying your identity for Companies House

If you or any other directors do not comply with identity verification requirements on time, you will not be able to file your company’s confirmation statement or other filings.

You'll also be committing an offence and there are a range of consequences, including a financial penalty and being unable to start a new company.

Check the register

It's important to make sure we hold the correct details for each director and PSC of your company.

You will not be able to complete identity verification if the personal information on your identity documents, such as your date of birth, does not match the information held on our register.

Check the details we hold for you and your company.

You can tell us about some changes online. For other changes, such as incorrect or missing information about directors or people with significant control (PSCs) on your incorporation documents, you'll need to file a paper form.

How to keep up to date

Read all the latest updates on our Changes to UK company law website and sign up for our regular email newsletters.

You've received this email because you provided this registered email address to Companies House. You cannot unsubscribe from emails to the registered email address as this is a legal requirement under the Companies Act 2006. We will only use this email address to communicate about your company. Good morning Sheriffdeen Soleye, I would like to welcome you into my LinkedIn connections with an invitation to join me in a peaceful mission to try and make the United Kingdom an even better place to live in for ourselves, our children and grandchildren than it already is.

Our structures of government are currently too rigid and inflexible in having political parties who squabble among themselves to see who gets into power at Westminster and in the local Councils in a game partly funded by Members of the Parties and Donors and partly funded by the taxpayer. The moral principles that should be adhered to in government is paid scant regard.

During the course of my research studies spanning nearly 6 decades, I have found that basing one's direction of travel as a person and as a nation on human instincts of truth, justice and democracy at the heart gives us a radical formula for the developing an ideal Society. I have dotted the i's and crossed the t's in the formulation of one such Society that I have named The Conservative Libertarian Society; the terms Conservative not just means to conserve and preserve the natural environment, biodiversity including human beings, it also represents the belief that we have of a Personal God by whichever name one wishes to use to call this Entity.

The term Libertarian means that we believe that all humans should be allowed to be free in liberty that is moulded through education into a peaceful way of life and with total entrepreneurship to develop society in industry, business, science, technology, agriculture and so on. If you wish to talk about this philosophy I am available to do so. Thank you Shantanu.

Dear Companies House

Thank you for your email. It has been very difficult to keep the Company afloat and shaping up to meet the future challenges of the nation with attacks reminiscent of the Satan-evil criminal anonymous emails that I had reported; as this notification indicates:

<https://www.theconservativelibertariansociety.com/forum/main/comment/25e78a2e-e8e4-49c4-8f25-780c125a3c2e?postId=653b825a2d50ec00106bde3c>

The essential point on the legality of the issues within the current understanding of our Constitution in the United Kingdom is that interpretations of it are entered in the secrecy of State operations, and Courts are not allowed to interfere with the developmental restrictions placed upon a new political party at the Electoral Commission which must be investigated by Companies House for deceitful and duplicitious conduct towards my Company:

FrElectoralCommissionCampaignsOfficial

The first Bank that started the attacks on the Company was Santander and it has not stopped as exemplified by the attached email of 'fhising' that it sent me yesterday: FrSantander(Your new statement is ready to viewTerror)4Jun2025.docx:

Good morning Sheriffdeen Soleye, I would like to welcome you into my LinkedIn connections with an invitation to join me in a peaceful mission to try and make the United Kingdom an even better place to live in for ourselves, our children and grandchildren than it already is.

Our structures of government are currently too rigid and inflexible in having political parties who squabble among themselves to see who gets into power at Westminster and in the local Councils in a game partly funded by Members of the Parties and Donors and partly funded by the taxpayer. The moral principles that should be adhered to in government is paid scant regard.

During the course of my research studies spanning nearly 6 decades, I have found that basing one's direction of travel as a person and as a nation on human instincts of truth, justice and democracy at the heart gives us a radical formula for the developing an ideal Society. I have dotted the i's and crossed the 't's in the formulation of one such Society that I have named The Conservative Libertarian Society; the terms Conservative not just means to conserve and preserve the natural environment, biodiversity including human beings, it also represents the belief that we have of a Personal God by whichever name one wishes to use to call this Entity. The term Libertarian means that we believe that all humans should be allowed to be free in liberty that is moulded through education into a peaceful way of life and with total entrepreneurship to develop society in industry, business, science, technology, agriculture and so on. If you wish to talk about this philosophy I am available to do so. Thank you Shantanu.

Dear Sir/Madam

1. Please assign a Case Number to this Judicial Review of Wholesale Hate Crime Tyranny on me over a 27 year period in the United Kingdom, most clearly evident from the relentless pursuit of sabotaging to destroy my company, 'The Conservative Libertarian Publications Limited by His Majesty's Revenue and Custom along with hundreds if not thousands of co-conspirators mostly

from Big Business in the country and overseas: HMRC was similarly and totally unjustifiably demanding £400 in penalty: The delays in filing were due to Kent Police confiscating all our IT devices under false pretences so that the Company had a period of dormancy through which it passed.

Both HMRC and Companies House engaged the services of Debitam to terrorise me.

2. The essential correspondence of recent days are attached:

(a) FrDebetam(CONSPIRACY TO SABOTAGE MY COMPANY THE CONSERVATIVE LIBERTARIANS PUBLICATIONS LIMITED)12May2025

(b) FrCompaniesHouse(RE Your Communication with Companies House, Ref COH1341019X2)12May2025.docx

(d) Debitam_HMRC_CompaniesHouseLegalAction.pdf

(e) Particulars of Damages and Compensation J00ME572 at Medway County Court in Dr Shantanu Panigrahi v Kent Police18May2025.pdf

3. This latest attempt to close down my Company is utter contempt of Court by Companies House given that the matter is sub-judice as attached in (e) above.

Yours sincerely

I am a Hindu who has developed his own religion: no other Hindu past or present has brought together the entire gamut of Hindu thought into words and deeds of action as karma in sanatana dharma. I practice yoga incessantly which brings me into random contact with people of other faiths. It helps me to establish if I am personally on the right track or not. I am an ordinary human being, not aspiring to become anything except develop my knowledge and understanding of the universe.

On your second question, I messaged you randomly. I discuss things with Muslims all the time, and have done throughout my life in India where I grew up in Uttar Pradesh (Allahabad, now Prayagraj).

It started with a Disciplinary Hearing in which I was offered £20,000 in compensation and a letter of reference: I asked for my full redundancy payment of £55,000 or medical retirement. I got none of that.
